## GLOVES

As the leader in food safety, FoodHandler sets the highest standards in the market by consistently delivering top-notch service and innovative products to ensure safety.

## BAGS

Headquartered in Reno, NV, FoodHandler is the established food safety leader — providing simplified compliance and peace of mind to a range of food service operations. FoodHandler provides a full line of products designed to keep your business protected.

## APPAREL

From disposable gloves and apparel to food storage and cooking bags, our solutions help to maximize efficiency in a wide range of industries, enabling our customers to operate at peak productivity and remain safe — day in and day out.

# DRIVEN BY INNOVATION: A LEGACY IN PROGRESS

## MORE THAN 55 YEARS OF INNOVATIVE GROWTH SINCE 1969

At FoodHandler, we never stop exploring fresh ways to keep your operation running safely, efficiently and cost-effectively. For over 50 years, FoodHandler has focused on developing solutions specifically designed for safe food handling. We continue this tradition today and remain the leader in keeping food safe with ingenuity and innovative products for the foodservice industry.

# BEYOND THE GLOVE, BEHIND FOOD SAFETY.

At FoodHandler, we recognize the importance of food safety education. That's why we offer comprehensive training – to help you arm your staff with the knowledge they need to make safe, smart decisions on a daily basis. Our courses are designed to effectively teach your staff how to prevent foodborne illness in a format that is easy to understand for them, and cost-effective for you.

## LEARN.

WITH DR. KEVIN ROBERTS

SafeBites® from FoodHandler features some of the most notable experts in the foodservice industry. Each expert provides a wealth of knowledge and experience to help foodservice operators tackle their food safety challenges.

# GLOVES THAT GIVE BACK

**4 GLOVES, 4 OPPORTUNITIES TO SUPPORT.**

## At FoodHandler®, we believe in making a difference— one case at a time

Through our partnership with the Breast Cancer Research Foundation (BCRF) and Mercy Chefs, we proudly contribute \$1 per case sold on select gloves, supporting critical research and providing meals to those in need.

When you choose Thinsense® Pink Nitrile gloves, you're helping fund groundbreaking breast cancer research. Purchasing Thinsense® White Nitrile, JobSelect® Comfort Black Nitrile, or JobSelect® Black Vinyl gloves means supporting Mercy Chefs in their mission to serve high-quality meals to communities facing crisis.

Your purchase is more than just protection—it's a commitment to giving back. Together, we can create a lasting impact.

**Join us in making a difference!**

# "JUST GO FEED PEOPLE"

Mercy Chefs is a faith-based, non-profit disaster and humanitarian relief organization. We exist to provide professionally prepared, restaurant-quality meals to victims, volunteers, and first responders in natural disasters and national emergencies, and we partner with existing like-minded organizations to further their mission by providing food service in under served communities across the country.

**\$1** DONATION FOR EVERY CASE GOES TO

## RE-INTRODUCING ONE OF OUR MOST POPULAR GLOVE LINES

As a brand that supports a wide range of industries and applications, JobSelect® needed a look that embodies our versatility, professionalism, and forward-thinking approach. The updated design aligns with modern aesthetics, creating a strong and recognizable identity that resonates across sectors.

### WHAT'S NEW?

- Modernized Logo Design
- Refined Color Palette
- Updated Typography

### WHAT HASN'T CHANGED?

- Unmatched Quality
- Innovative Options
- Versatility

### WHY THE CHANGE?

- Enhanced Visual Appeal
- Stronger Brand Alignment
- Future-Ready Identity

# NITRILE

# SUPERIOR PROTECTION

Nitrile gloves offer exceptional durability, chemical resistance, and superior puncture protection, making them an ideal choice for food handling, healthcare, and industrial applications. Latex-free and allergen-friendly, these gloves provide a snug, comfortable fit with excellent tactile sensitivity, ensuring precision for delicate tasks. Their resistance to oils, fats, and chemicals makes them a trusted solution for environments requiring both safety and performance.

## BLACK NITRILE

High demand, popular black is ideal for tasks that require handling sauces, oils and dyes. Acidic and chemical resistance. Formfitting and flexible for maximum finger dexterity. Featuring a heavy weight, thicker mil and enhanced grip pebbled surface for superior strength and puncture resistance.

103-212-BLK	10 100	1000	<b>SMALL</b>
103-214-BLK	10 100	1000	<b>MEDIUM</b>
103-216-BLK	10 100	1000	<b>LARGE</b>
103-218-BLK	10 100	1000	<b>XLARGE</b>

## BLUE NITRILE

Resistance to acidic foods and many on the job chemicals, blue material color is highly visible for foodservice operations and other uses. Formfitting and flexible for maximum finger sensitivity. Textured fingertips enhance grip and dexterity.

# WHEN TO USE POLY GLOVES

Poly gloves are best when you need to change gloves often while performing tasks that do not require high levels of dexterity.

Economical poly gloves work well for tasks like sandwich making, pre-portioning meats and cheeses, or at the service counter.

# SYNTHETIC GLOVES

Simulate the tight, yet comfortable fit of latex without the allergy risks that are often associated with latex proteins.

Excellent for cutting fruits and vegetables, fast food preparation, and plating.

\*CAUTION: Components used in making these gloves may cause allergic reactions in some users. Follow your institution's policies for use.

Jobselect® synthetic vinyl gloves are designed for safe, hygienic food preparation and kitchen tasks. Made from durable, latex-free synthetic vinyl, they provide a comfortable fit, reliable protection, and easy donning. These gloves are ideal for minimizing cross-contamination during food handling, offering both flexibility and dependable barrier protection for busy kitchen environments.

# HYBRID GLOVES

HYBRID GLOVES ARE A TOP INNOVATIVE AND VALUE CATEGORY IN FOODSERVICE. FOODHANDLER® HAS BEEN THE MARKET INNOVATOR AND PIONEER SINCE 2009.

# GLOVE COLOR & USE MEANING

**ALWAYS** PICK A CONTRADICTORY COLOR TO FOODS...

## 1 SAFETY

**Protection:** Gloves are often worn to protect the hands from potential harm or injury. This could include protection from sharp objects, chemicals, extreme temperatures, or rough surfaces.

**Safety:** In some professions or activities, gloves are a necessary safety precaution. Construction workers, mechanics, and laboratory technicians, for instance, wear gloves to safeguard against potential hazards such as cuts, burns, or exposure to hazardous materials.

## 2 FUNCTION

**Comfort:** Gloves provide comfort and protection by providing a barrier to direct contact when working with cold or hot foods. Gloves can soothe, chill or provide warmth in certain conditions.

**Hygiene:** Gloves can be used to maintain hygiene standards. Food handlers use gloves as an extension of their hand washing program. Working with foods means cleanliness is crucial. Wear gloves to prevent the spread of germs, bacteria, or other contaminants.

## 3 BRANDING

**Match Your Brand:** Match your gloves with your logo or branded color scheme.

**Extend The Experience:** Gloves are an extension of your uniform and overall food safety program. Match your logo colors, interior design or staff uniforms. Take it to another level with the look of safety.

## 4 STYLE

**Food Safety Looks Good On You!** Black is the trending color. Everything looks good in black, including you!

**Compliment With Color:** Have an all black or white uniform? Call out food safety with a complimentary or contradicting color. Pink and Blue look great against black and white and also conveys to your customers you're wearing gloves.
